Future Ready Students

Goal Statement: Prepare all students to be Future ready — for learning and for life.

Guiding Questions:

- How do we provide all students with academic, co-curricular, and enriching life experiences according to their interests, needs, voices, and futures?
- How do we provide a variety of positive influences that help students discover and take ownership of their future?

Engaging, Positive, and Safe Learning Environments

Goal Statement: A shared Highlander identity appreciates each student's individuality and brings all students together.

Guiding Questions:

- How do we provide all students with a safe and secure learning environment?
- How does each student have a voice and take ownership in their education and future?

Dynamic Family & Community Engagement

Goal Statement: Develop mutually beneficial partnerships between schools, parents, and community members, and communicate positive, helpful information to all groups.

Guiding Questions:

- How are we collaborating to provide valuable experiences for both students and community members?
- How are we consistently and effectively marketing the many valuable opportunities we provide?

Premiere Team of Educators

Goal Statement: Attract, develop, and retain an excellent and innovative team of educators.

Guiding Questions:

- How do we attract excellent candidates and expand partnerships with universities to develop new educators?
- What systems are in place to hire and retain high quality, innovative educators and staff?
- How do we integrate and support new staff to ensure their success?
- How are we providing well-rounded support systems for every staff member's professional growth and wellness?

Fiscal and Operational Stewardship

Goal Statement: Maintain, modernize, and optimize our facilities and resources through responsible stewardship of our finances.

Guiding Questions:

- How do we continue to improve the quality of our facilities and resources to be competitive?
- How are we sustaining the scope and quality of our operations?
- How do we generate revenue?
- How do we gather input on needs and communicate future plans for our facilities and resources?
